

On-demand Healthcare: Call or email a physician 24/7

AmeriDoc provides member unlimited access to services from participating physicians in a national network of U.S. licensed and based physicians, many of whom are board-certified, who use electronic health records, telephone consultations and online video consultations to diagnose, recommend treatment and write short term prescription for non DEA-controlled medications when appropriate*. Physicians are available 24 hours a day, 365 days a year, allowing members to conveniently access healthcare for their families from their home, work or on-the-go, as opposed to more expensive and time consuming alternatives like the doctor's office or emergency room.

Telemedicine Benefits:

- Physicians available anytime, 24/7/365
- Convenience of obtaining medical care at work, home, or on-the-go
- Save money by avoiding in-office doctor's visits
- Quality care from physicians who can provide consultations, diagnose, recommend treatment and write short term prescriptions for non DEA-controlled medications when appropriate*
- Speak to a physician in most cases less than 30 minutes, but within 3 hours guaranteed
- Physician reviews and updates on-line health record when performing a medical consultation
- Secure, personal and portable electronic health records
- Consultations are included in your plan at no additional cost

For common conditions like:

- Sinus Infections
- Respiratory Conditions
- Urinary Tract Infections
- Allergies
- Bronchitis
- Poison Ivy
- Pink Eye
- Cold or Flu & more...

Ideal to use:

- When you don't have the time to go the doctor's office
- When your primary care physician is not available
- After normal hours of operation
- For non-emergency medical care
- When on vacation or out of town

*Network physicians are medical doctors (M.D.s) in all states except OK, where they are doctors of osteopathy (D.O.s) Online video consultations not available in TX.

Notice: Telehealth services do not replace the primary care physician. AmeriDoc, LLC does not guarantee that a prescription will be written and network physicians operate subject to state regulations. Network physicians do not prescribe DEA-controlled substances and reserve the right to deny care for potential misuse of services...
